Dear Professor Goldziher,

At last I am able to send you a proof of the article which you have contributed to the Browne Presentation Volume, together with your MS. Will you kindly correct the proof & return it to me as soon as you conveniently can. The Volume is making good progress & will no doubt be ready in time for Browne's 60th birthday, February 1922.

I am now working at the *Magasavi* of *Talâ'iddin Râimî*, of which I am preparing an edition with English translation & commentary. This will take many years to complete, but I still hope to write a short general history of

Superior, if I live long enough!

Hoping you are well & with
Kind regards,

Yours sincerely

R. C. Nicholson.
